### A VERY BEAUTIFUL AND PICTURESQUE VILLA

Located in the residential "Pernes les Fontaines" suburb, this very cosy house provides a delightful setting. Pernes les Fontaines is a well known city, mostly for its touristic circuit with 40 fountains. It is a large village with all amenities and just minutes away from the heart of the Luberon region.

The owners are passionate about design and it shows, even at first glance. The furniture and decorative items of the villa are very trendy. The dominant hues are gray and brown. The ivory-colored fabrics give a very relaxing feeling and the exterior decors give a real intimacy.
